

Part 1 Client to Designer

Business Name: Flowers by Irene

Company Overview: At flowers By Irene, we believe flowers are more than just beautiful arrangements, they embody the unique beauty and personality of South Africa. Located in the heart of Cape Town, we are a flower business that takes great pride in offering luxury and top-quality lower designs. What makes us unique is that we provide custom or ready-made bouquets including rare, indigenous species. Monthly subscriptions, custom arrangement and an informative botanical card. Lastly, we provide pop up Bar, on-site bouquet stations at markets, events. I want you to design me a website that will provide all these services I have listed.

Mission& Vision:

Mission-Our mission is to provide a one-of-a-kind floral experience by showcasing South Africa's natural flora by beautiful, sustainable, and personalised arrangements. We want to make meaningful connections with nature, culture, and our community via innovative floral designs, workshops, and eco-friendly

Vision-Our vision is to become Cape Town's primarily destination for locally produced environmentally aware floral arrangements that highlight the great diversity of South Africa's native flora. We want to inspire and connect with discriminating clients that value sustainability, artistry, and authenticity, while also reinventing the floral business through imaginative, high-end goods and experiences that respect nature and local workmanship.

Brand values/keywords: indigenous, Luxury and Custom

Target Audience: Flowers by Irene caters to individuals aged 25 to 45 who live in Cape Town's CBD and neighbouring districts such as Gardens, Oranjezicht, Sea Point, Woodstock, Claremont, and Observatory. These people often fall into the moderate to upper income category, earning R200,000 or more per year. They are frequently young entrepreneurs, creatives, consultants, or boutique business owners who value aesthetics and ethical living.

Visual Direction:

I want my business to feel very homely and inviting. I want it to feel like I'm providing a safe space to all my clients, I want them to feel loved and appreciated. I want to convey these emotions through using soft and warm colours for my business. I want bright but soft colours; these are colour codes of the colours I want used flax (#F2DA8F) and Giants Orange(F15B22). The type of font I want to be used is Gil Sans Ultra Bold for

headings, Castellar for subheadings and arial for the text. I want images of indigenous, bright and beautiful flowers in South Africa, the colour of the flowers must work together with the colours of my business

Brand Voice & Message: This brand must sound warm and thoughtful; it should spark a connection between the customer and the business. It must sound like its grounded in nature since the brand uses indigenous flowers only. The message I want my brand to communicate is artistry and customization, we don't just arrange flowers, but we create stories and moments, and the second message is luxury and quality, customer must expect luxe designs.

Slogan: "Tailored Bloom, Timeless moments"

Tone and Style: The tone of this business is authentic which must make the customer feel proudly rooted in their South African roots and know their identity through the flowers. It must make them feel warm and loved through every bouquet. The brand voice must sound graceful and welcoming to the customers.
